## Committees

### Operations

This team maintains a smooth flow of work by facilitating, monitoring and documenting all processes and transactions at CAPS

### Research

This group conduct research and provides support to students with research of publishing and presenting papers in renowned journals, conferences and seminars.

### CG-QC

This committee keeps an eye out for the authenticity and relevance of all the content that goes out of CAPS. The team also ensures the uniformity of all content by adhering to strict guidelines. The volunteers also create customized content that is original and useful.

### Media & PR

A team with varied skills, all working to achieve one goal, that is, to promote CAPS' outreach programs on the different social media platforms. This way, more Christites can know about our events and programs and benefit from them.

### Tech Tank

A team of computer experts who provide software and IT support to CAPS. The team thrives on learning about new technologies by applying them in real-time projects at CAPS, Like Volunteer Management System and Web Applications.

## About us

The Centre for Academic and Professional Support (CAPS) offers assistance in academic and professional areas to students, faculty, researchers, and all those in need. CAPS helps individuals enhance their skills and knowledge in various topics, including research and career readiness. It also facilitates networking and industry engagement through university-wide sessions. At an organizational level, CAPS fosters collaboration among different deaneries, promoting the exchange of ideas and optimal use of resources. Its goal is to develop well-rounded individuals with the necessary skills to create a positive impact on society.

## Why Choose Us

### Our Mission and Vision

Our vision is to be a benchmark in global academic circles, in providing professional and academic and academic based solutions to in house as well as external patrons.
